

**POLITECNICO
MILANO 1863**

Milano

UNIVERSITÉ LIBRE DE BRUXELLES

**Solvay Brussels School of Economics and
Management and**

POLITECNICO DI MILANO

**School of Industrial and Information Engineering
DOUBLE MASTER DEGREE in BUSINESS
ENGINEERING**

Dual Degree General Requirements

A maximum of 5 students per Academic Year from each university will take part in the programme. For Politecnico students the minimum GPA required to apply to this programme is 25/30.

In the selection process, the following dimensions will be taken into account: overall academic track record, strong scientific and engineering background, proficiency with quantitative analysis techniques, excellent motivation, and fluency in English.

The course programme must account for **180 ECTS** to be achieved in the course of the five semesters (degree programme details are indicated in the section below).

Thesis Requirements

The Master thesis is to be a scientific work, which will be assessed along the following dimensions: clarity and novelty of the research question, quality and completeness of the literature review, quality of the data and facts, overall scientific quality, adequacy and rigour of the analysis, originality and relevance of the findings or recommendations, and quality of the written and oral presentations. The dissertation defence, to be held at the institution of origin, will be converted into the host institution grading scale according to commonly agreed conversion scales, as listed below.

Due to the specific thesis requirements of this agreement, students wishing to earn the double degree will not be able to consider option n. 1 (Report) of the 3 standard thesis models accepted at the Politecnico School of Industrial and Information Engineering, as described [here](#)

Dual Degree Programme Structure

Please note: course offerings at both institutions may vary in time. Should this occur, appropriate substitutes will be found with the support of the Academic Advisors

ULB students	PoliMi Students
<p>1st year at ULB – 70 ECTS</p> <p>1st semester:</p> <ul style="list-style-type: none"> Advanced Accounting (5 ECTS) Advanced Marketing (5 ECTS) Corporate Valuation and Financing (5 ECTS) Strategy and Strategy Execution (5 ECTS) Multivariate Statistical Analysis (5 ECTS) Operations and Digital business (5 ECTS) Banking and Asset Management (5 ECTS) <p>2nd semester:</p> <ul style="list-style-type: none"> Seminar of Business Strategy (5 ECTS) Organizational Behaviour & Leadership (5 ECTS) 2 courses to be chosen in one specialization module (10 ECTS) 2 courses to be chosen in the « CEO Agenda » (10 ECTS) <p>One Field Project to be chosen (5 ECTS)</p>	<p>1st year at PM – 70 ECTS</p> <p>60 ECTS among any of the following (according to the specialization track rules):</p> <ul style="list-style-type: none"> Quality Engineering (10 ECTS) Operations Management (10 ECTS) Logistics Management (10 ECTS) Industrial Technologies (10 ECTS) Business and Industrial Economics (10 ECTS) Leadership and Innovation (10 ECTS) Accounting Finance and Control (10 ECTS) <p>Plus 10 ECTS from any course of the specialization tracks (FREE credits)</p>
